PRESSURE GAUGE

Calibration Certificate

PART NUMBER _____ **SERIAL NUMBER** _____

PRESSURE RANGE _____**P.S.I.** **ACCURACY** ____**%** **FULL SCALE** ___**P.S.I.**

CALIBRATION

INCREASING PRESSURE		
Applied Press.	**Indicated Press.**	**Difference**

NEW ☐ RECAL ☐ REPAIR ☐

Affix Effective Service Date Sticker Here

Calibrated in _____ **Position**

Temperature _____ **° F**

This is to certify that this gauge has been inspected and tested against Pressure Standard

_____

traceable to NIST, trace-ability reference _____
compensated to local acceleration due to gravity.

Special Conditions:

_____

_____

DATE OF CALIBRATION: _____ **INSPECTOR:** _____
